

**TRO No 29 2021**

**Proposed No Waiting At Any Time**

**Mill Carr Hill Road and Cliff Hollins Lane, Oakenshaw**

**Statement of reasons**

The Section 278 (S278) application has been made to accommodate increased traffic of standard and larger vehicles to a proposed business park.

Additional 'No Waiting At Any Time' parking restrictions are being proposed to help prevent obstructive parking at this location.

It is intended that these proposals will facilitate the free flow of traffic on the roads concerned and improve road safety for all road users including access to the new business park and the nearby school.
