

**POST ADOPTION STATEMENT
ANNOUNCEMENT OF ADOPTION OF THE KIRKLEES LOCAL FLOOD
RISK MANAGEMENT STRATEGY
(SI 2004 1633 (England) Regulation 16**

**The Kirklees Local Flood Risk Management Strategy
The Environmental Assessment Regulations (SI 2004 1633)**

Kirklees Council gives notice that the Kirklees Local Flood Risk Management Strategy was adopted on the 15th January 2013. It is available for inspection (inspection free of charge) alongside its Environmental Report(s) and a statement of environmental particulars, The SEA Adoption Statement, at the location indicated below.

The Kirklees Local Flood Risk Management Strategy sets out what Kirklees Council will do to manage flood risk from local sources, across the district. It shows how communities can be more involved in local flood risk management and it emphasises the need to balance environmental, social and financial considerations in developing and implementing measures to manage the risk.

Members of the public may inspect a printed copy from the following address:

**Kirklees Council, Investment and Regeneration Service, Civic Centre 3, Off
Market Street, Huddersfield HD1 2JR
Open: Monday – Friday: 9am – 5pm**

**The documents are also available on the Councils website at
<http://www.kirklees.gov.uk/community/flooding/floodingRiskKirklees.shtml>**
