Holmfirth and Meltham passengers can buy through rail and bus combined tickets on Connection bus services.

## EU Funding

Between 2007 and 2013, Kirklees organisations will be eligible for funding under the new ERDF Competitiveness Fund, which replaces Objective 2 funding; and the ESF Employment Programme, which replaces the former Objective 3 programme. Both strongly echo the aims of the Lisbon Agenda with their focus on sustainable growth and jobs.

From a total **Competitiveness Fund** award for Y+H Region of €583,581,000 South Yorkshire has been awarded €270m and the rest of the region will share €312.54m. All parts of the region are eligible. These funds are focussed on the promotion of innovation, R&D, entrepreneurship and business growth, with an emphasis on the knowledge economy. The Programme will be managed through Yorkshire Forward.

The **ESF Employment Programme** in Y&H is being delivered through a Framework developed by the Regional Skills Partnership, which will support and inform delivery to add value to regional employment and skills priorities. Over 7 years, the Programme will provide around £122m for South Yorkshire and £146m for the rest of the region.

This will be matched with public funding, mainly through co-financing by the LSC and Jobcentre Plus. Activities within the programme will be centred on extending employment opportunities for those currently inactive and developing a skilled and adaptable workforce.

## Sure Start 1998-2011

This is a Government initiative with earmarked funding for work with parents and parents-to-be, particularly those who are disadvantaged. Funding was initially to 2008, but Government provided a further £39.9m for Kirklees for the period from 2008 to 2011. Currently, there are 32 Children's Centres across the District.

## Huddersfield Waterfront

Huddersfield Waterfront

Plans to transform the Huddersfield Waterfront have received a major boost with the approval of funding for a new campus for Kirklees College. The national Learning and Skills Council (LSC) is a significant contributor to the new £85 million campus on the edge of the town centre, one of only 12 schemes in the country to receive the green light out of 144 which applied.

The College, which is due to be opened in September 2012, will form the centre-piece of the Waterfront Quarter scheme, for which the Council has already granted outline planning permission. The project would redevelop land between Manchester Road, Chapel Hill, and the River Colne to a mix of teaching accommodation, commercial offices, restaurants, a crèche, and residential apartments.

The new buildings will be arranged around a new public square alongside a newly revealed section of the Huddersfield Narrow Canal and landscaped walkways/cycleways. The lead developer is Strategic Sites Ltd (SSL) whilst Ramsden and Colne Developments LLP would deliver the housing element.

Private sector investment will be £65 million and provide space for around 1,000 jobs and just over 300 residential units. Sellers Engineers Ltd has relocated to new premises, but remains within the town, safeguarding 70 jobs. For more information about Huddersfield Waterfront see <http://www.waterfrontquarter.co.uk>.

# The local economy

## Employer Survey 2009: Summary of main findings

61% of employers employed no-one under 25 - up from 57% in 2008. This has serious implications for the career prospects of young people, particularly in the current climate.

Despite the recession, nearly one in four employers (24%) anticipated workforce growth over the coming twelve months, compared with 21% in 2008, although just 12% reported actual growth in the previous year.

10% of employers said they had skill gaps in their workforce. More than one in five thought that the basic skills of their workforce needed developing. Recruitment difficulties were mainly for specialist and highly skilled jobs, e.g. skilled textile workers.

54% of employers thought the local area was either good or excellent as a place in which to do business. Employers in South Kirklees were the happiest with their location.

Access to transport links was the most frequently mentioned benefits of their location.

The Directors of Adult Social Services, Public Health and Children and Young People's Services in every local authority and Primary Care Trust (PCT) have a statutory duty from April 2008 to work together to develop a Joint Strategic Needs Assessment (JSNA) for their district.

**Joint** - the Council and PCT have to produce it together and this work needs to be led by the Directors of Adult Social Services, Public Health and Children and Young People's Services.

**Strategic** - it provides an opportunity to look to the future - over the next 5, 10, 15 and even 20 years - so that we can start planning now for likely changes in needs.

**Needs** - its focus is on the issues affecting the health and well being of children, young people and adults in the district and how these might change over time, rather than what the Council or PCT are currently doing to address these needs.

**Assessment** - having drawn together a wide range of information from a variety of sources, both local and national

this has to be analysed and assessed to identify the key issues for the Kirklees population.

The JSNA forms the basis for planning service development and is seen as a key building block of the commissioning process.

Copies of the current JSNA summary and full document are available from:  
<http://www.kirklees.gov.uk/jsna>

The JSNA is not a single, one-off exercise, but is an ongoing piece of work which will add to our commissioning "intelligence".

Work will continue to:

- further develop coherent, consistent and appropriate data sets;
- develop the capacity across all partners to generate, analyse and present information; and
- ensure that relevant planning systems make use of information from the JSNA.

## Disability Living Allowance February 2011

Disability Living Allowance (DLA) is a tax-free benefit for adults and children with a disability or illness who need help with getting around or help with personal care or help with both of these. Normally help must have been needed for at least 3 months and must be likely to be needed for at least a further 6 months. People cannot claim Disability Living Allowance on or after their 65th birthday, even if the need for help started before then, however if they are claimants on their 65th birthday, they can continue to receive the benefit. (People aged 65 or over who need help with personal care may be able to get Attendance Allowance). In Kirklees, 5.5% of all people (around 1 in 20) claim DLA; this increases to 13.4% for ages 60 to 69 (1 in 7).

Payment is for two components. The Care component (for people who need to be looked after) has three weekly rates: Highest rate £73.60, Middle rate £49.30, Lowest rate £19.55. The Mobility component (for people who need help to get around) has two weekly rates: Higher rate £51.40 Lower rate £19.55.
