Fares (July 2014)

Practically all bus and train companies operating in Kirklees and West Yorkshire accept Metrocard season tickets and Metro day rovers. Metrocards and Metro day rovers are administered by West Yorkshire Passenger Transport Executive and are available from post offices, railway stations and Metro travel centres. A number of types of Metrocard are available ranging from bus only (cheapest), to bus and all 5 rail zones (most expensive).

Some bus companies run their own pre-paid season ticket schemes, e.g. First, Arriva and Huddersfield Bus Company, which offer substantial discounts for regular travellers. Companies also offer local area day tickets which vary in price according to the time of day travelled. Holmfirth and Meltham passengers can buy through rail and bus combined tickets on Connection bus services.

Railway electrification

Funding to electrify the North Transpennine route was announced November 2011 in the Government's Infrastructure Plan. The cross-Pennine rail route connects Leeds and Huddersfield with Manchester, Merseyside and the North East. Journey times between Leeds and Manchester are expected to fall from around an hour to under 45 minutes. Research (Yorkshire Transport Study) has shown that quicker journeys will boost productivity and help to build the economy of West Yorkshire and the Leeds City Region. Two other Leeds City Region routes will also be electrified as part of the project – Leeds to York and Leeds to Selby. Electrifying these two routes will also provide electrified East Coast main line diversionary routes thereby increasing the resilience of services to London and Scotland.

Electrifying the route will make it an attractive alternative to the M62 reducing congestion on an often overcrowded motorway. As many as six trains an hour will run via Huddersfield from Leeds to Manchester, and local stopping services would also benefit from newer rolling stock and reduced journey times. Electrification of the route is expected to be completed by December 2018.

West Yorkshire Combined Authority

The West Yorkshire Combined Authority is the driving force for economic growth across the Bradford, Calderdale, Kirklees, Leeds and Wakefield districts and the City of York Council area. WYCA brings together key decision-making powers into a single body, putting West Yorkshire and the wider Leeds City Region, including the City of York, in a much stronger position to tackle its shared economic challenges - including improving transport - by boosting jobs and growth.

Investment fund - Boosting economic growth through a £1/2bn economic investment fund, aligned with government investment, is the West Yorkshire Combined Authority's primary focus. To maximise their impact and potential, decisions affecting areas of policy such as land use, economic development and wider regeneration will be made in alignment with those made on transport. Projects will have differential spatial impacts across the Combined Authority area but will aid the development and delivery of individual member councils' key growth projects and future local plans.

West Yorkshire plus Transport Fund - In July 2014, the Government announced that the West Yorkshire Combined Authority had, uniquely, secured funding to establish a £1bn West Yorkshire plus Transport Fund. The Fund will comprise £600m of Government funding government over 20 years, £183m of other devolved transport funding previously secured through the City Deal and local contributions. It will underpin growth by improving the City Region's roads and railways and connecting people to jobs and goods to markets seamlessly.

The Waterfront Huddersfield

Situated on the south-western edge of the town centre, Huddersfield's new Waterfront development is bordered by the A62 Manchester Road, A616 Chapel Hill and River Colne. The Waterfront is a prime commercial development opportunity, in an attractive waterside setting, less than ten minutes' walk from Huddersfield town centre. Benefiting from outline planning permission, the 1.2 hectare (3 acre) site is ready for construction now.

A section of the Huddersfield Narrow Canal has been restored and highways upgraded, as part of infrastructure works carried out by Kirklees Council with support from the Department for Business, Innovation & Skills.

Facilities

Four building plots, arranged around the canal and a proposed new public square, have outline planning permission for up to 18,100 sq m (194,200 sq ft) of Grade A office space. The consent

also includes up to 390 sq m (4,200 sq ft) of retailing, a 280 sq m (3,000 sq ft) crèche (both on plot M), and 78 parking spaces beneath the square. Alternative uses, including leisure, hotel or multi-storey car park are possible, subject to planning permission.

Complementary developments

The commercial land is part of the 3 hectare (7.5 acre) Waterfront Quarter which also includes a new £74 million campus for Kirklees College, opened in September 2013 and land with outline consent for up to 309 residential units.

The HD One

Adjoining Huddersfield's award-winning John Smiths Stadium, just off the A62 Leeds Road, The HD One development is 5 minutes from both the centre of Huddersfield and junction 25 of the M62.

Kirklees Council has granted planning permission to site owners Kirklees Stadium Development Ltd to transform a 54 acre site astride the River Colne into a multi-use leisure, entertainment and sporting destination close to Huddersfield town centre. The site will build on the existing success of the stadium, the nine-screen Odeon cinema and the Kirklees Active Leisure health and fitness club, increasing expected annual visitor numbers from some 1.5m to over 4m.

The HD One will become home to a host of new activity attractions such as ten-pin bowling, open dry ski slope, indoor surf cafe and body flight. With a hotel, casino, bingo, clubs, and specialist shops, and no fewer than 21 restaurants, bars, and cafés, the scheme will transform this outer town centre area. <http://www.thehdone.com/>

These are just two examples of development opportunities in and around Huddersfield. For more opportunities visit the 'Huddersfield The Place to Make it' website <http://placetomakeit.co.uk/invest>

The local economy

Kirklees Factsheets 2014

Employer Survey 2013: Summary of main findings

Nearly one third (29%) of businesses reported their turnover to have grown in the last 12 months, with 27% having experienced a decline (a positive balance compared to the negative balance in 2011 (-2%).

15% of businesses had seen employee numbers increase over the past 12 months, while 14% had seen employee numbers decrease – a slight positive balance compared to the negative balance in 2011 (-2%).

One in five employers that have recruited in the last 12 months, or currently have vacancies (21%), considers that any of the vacancies they have reported to have been hard-to-fill.

50% of businesses rated their local area as a 'good' or 'excellent' place in which to do business (52% 2011), though businesses in Dewsbury were less likely to do so (35%).

Access to transport links was the most commonly cited main benefit of the location of the business (51% of all employers surveyed), closely followed by personal/historic reasons, quality/size of premises, overall attractiveness of the area, and quality of local environment.

Unemployment profile (claimant count)

No official unemployment rates are available for wards. The rates shown here are calculated by Kirklees Investment and Regeneration Service. They are calculated on the same basis as rates for larger areas and show the number of people claiming Jobseekers' Allowance as a percentage of the working age resident population of each ward. A breakdown of economic activity/unemployment by ethnic group from the 2011 Census can be found on Factsheet 11 (Minority Ethnic Groups).

The Kirklees district is served by one Primary Care Trust. From April 2013 responsibility for the commissioning of local health services passed to Greater Huddersfield Clinical Commissioning Group

and North Kirklees Clinical Commissioning Group. At the same time responsibility for public health passed to Kirklees Council. The district is also served by two acute NHS hospital trusts: Calderdale & Huddersfield

NHS Foundation Trust and The Mid Yorkshire Hospitals NHS Trust (which includes Dewsbury), and one mental health NHS Trust - South West Yorkshire.

Joint Strategic Needs Assessment

From April 2013 all Health and Wellbeing Boards took over the statutory duty to work with the Council, CCGs and other partners to develop a Joint Strategic Needs Assessment (JSNA) for their district.

The JSNA provides an opportunity to look to the future – over the next 5, 10, 15 and even 20 years – so that we can start planning now for likely changes in needs. It focuses on the issues affecting the health and wellbeing of children, young people and adults in the district and how these might change over time, rather than what the Council or CCGs are currently doing to address these needs. The JSNA draws together a wide range

of information from a variety of sources, both local and national which analysed and assessed to identify the key issues for the Kirklees population. The JSNA forms the basis for planning service development and is seen as a key building block of the commissioning process.

Copies of the current 2013 JSNA summary and full document are available from:

<http://www.you-kmc/partners/other/jsna.aspx>

The JSNA is not a single, one-off exercise, but is an ongoing piece of work which will add to our commissioning “intelligence”.

Personal well-being 2012/2013

The findings reported here are based on people’s responses to these four questions. People are asked to give their answers on a scale of 0 to 10 where 0 is ‘not at all’ and 10 is ‘completely’. These questions allow people to make an assessment of their life overall, as well as providing an indication of their day-to-day emotions. Although ‘yesterday’ may not be a typical day for any one individual, the large sample means that these differences ‘average out’ and provide a reliable assessment of the anxiety and happiness of the adult population in the UK over the year. The table below compares Kirklees with the UK, though statistically, responses from Kirklees residents to the questions are not significantly different from all UK responses.

	Kirklees % scale 0-4	UK	Kirklees % scale 9-10	UK
Overall, how satisfied are you with your life nowadays?	5.8	6.8	26.0	24.7

Overall, how happy did you feel yesterday?	10.3	13.3	30.9	27.6

Attendance Allowance February 2014

Attendance Allowance, introduced in December 1971, is a benefit for people aged 65 and over who need help with personal care because of illness or disability. For example, a person may qualify for Attendance Allowance if they have difficulty with washing, dressing or similar tasks. The benefit is not income related, is not taxable and is not based on National Insurance Contributions. In general, the benefit has two payment levels. Those requiring help both during the day and night are eligible for a higher rate of £81.30 per week, otherwise recipients are provided with the lower level of benefit (£54.45 per week). In Kirklees there were 9,315 people claiming the allowance (13.4% of all aged 65 and over, Great Britain 14.9%).

Pension Credit February 2014

Pension Credit is an entitlement which guarantees everyone aged 60 and over a minimum income. Pension Credit has two parts: the guarantee credit and the savings credit (only paid to people aged 65 and over). The savings credit provides extra money to people who have income from occupational pensions or savings, giving the recipient a higher income than the guarantee credit. In Kirklees there were 29,545 claimants of Pension Credit of which 3,635 were in couples which accounts for 20.9% of all aged 60 and over (Great Britain 19.8%).

Disability

Kirklees Factsheets 2014

Long-term health problem or disability, general health, 2011 Census

A long-term health problem or disability that limits a person's day-to-day activities, and has lasted, or is expected to last, at least 12 months. This includes problems that are related to old age. General health is a self-assessment of a person's general state of health. People were asked to assess whether their health was very good, good, fair, bad or very bad. This assessment is not based on a person's health over any specified period of time.

Disability Living Allowance February 2014

Disability Living Allowance (DLA) is a tax-free benefit for adults and children with a disability or illness who need help with getting around or help with personal care or help with both of these. Normally help must have been needed for at least 3 months and must be likely to be needed for at least a further 6 months. People cannot claim Disability Living Allowance on or after their 65th birthday, even if the need for help started before then, however if they are claimants on their 65th birthday, they can continue to receive the benefit. (People aged 65 or over who need help with personal care may be able to get Attendance Allowance.). In Kirklees, 5.4% of all people (around 1 in 20) claim DLA; this increases to 11.6% for ages 60 to 69 (1 in 7).

Payment is for two components. The Care component (for people who need to be looked after) has three weekly rates: Highest rate £81.30, Middle rate £54.45, Lowest rate £21.55. The Mobility component (for people who need help to get around) has two weekly rates: Higher rate £56.75 Lower rate £21.55.
