Overview: The chart on page 198 (and Table B on page 199) shows that the demand for Reception places from children resident in this planning area is expected to continue to decline overall, with some fluctuation.

In 2022/23 there were unfilled places at most of the schools.

In 2023/24 there were a number of unfilled places at national offer day in two of the three schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (63%) living in the planning area attend schools in the area, with a number of pupils (11%) attending schools here from neighbouring planning areas.

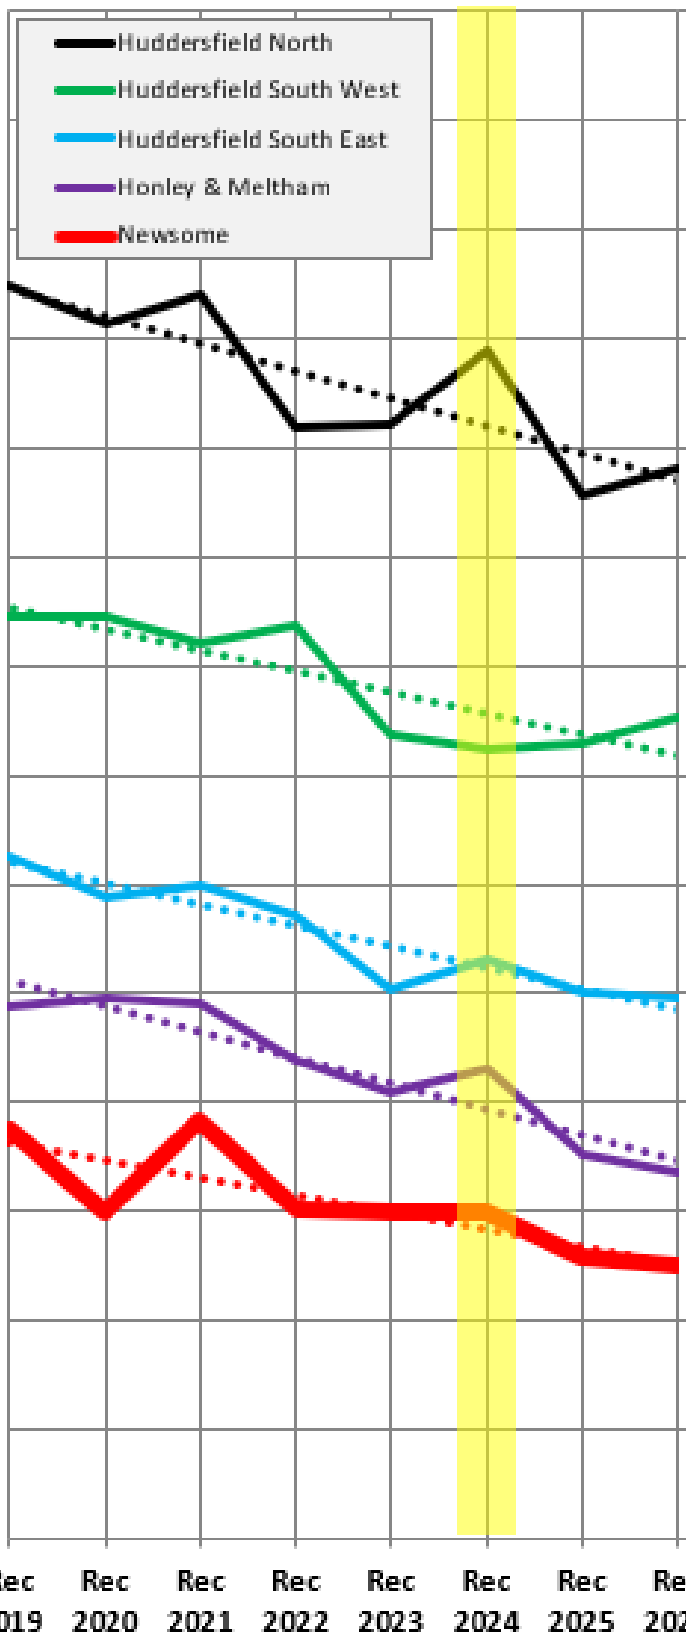

For 2024, 2025 and 2026 population data indicate the continuation of a declining trend, with some fluctuations. There is no need for any additional places.
