Pay Multiple - Policy on the relationship between Chief Officer remuneration and that of other staff

Table of Contents

Pay Multiple	1
--------------------	---

Pay Multiple

The highest paid (actual) salary in this authority is £166,866 bottom of Grade 24 SCP 72, which is paid to Steve Mawson. The median (full time equivalent) salary* in this authority (not including Schools or other external organisations) is £28,770 second point of Grade 7 SCP 17.

*Median

The median is the value falling in the middle when the data items are arranged in an array of either ascending or descending order. If there is an odd number of items, the median is the value of the middle item. If there is an even number of items, the median is obtained by taking the mid points of the two middle points (add middle points together and divide by 2).

Excluded: Kirklees active Leisure, Maintained Schools, Academies, Claiming Teachers, Temp Direct, Teachers pensions, Casual and Paymaster Only Contracts, any record where the actual salary is zero.

The ratio between the two salaries, the 'pay multiple', is 5.80:1.

This authority does not have a policy on maintaining or reaching a specific 'pay multiple', however the authority is conscious of the need to ensure that the salary of the highest paid employee is not excessive and is consistent with the needs of the authority as expressed in this policy statement and its wider pay policy and approach.

The authority's approach to the payment of other staff is to pay that which the authority needs to pay to recruit and retain staff with the skills, knowledge, experience, abilities, and qualities needed for the post in question at the relevant time, which may include reference to appropriate benchmarks, and to ensure that the authority meets any contractual requirements for staff including the application of any local or national collective agreements, or authority decisions regarding pay.
