<p>I would like to support the planning application for a new Lidl on New Hey Road. I would welcome more shopping choice and believe Lidl would compliment the existing shops and services. I like the idea that sustainable resources and techniques would be used and that our area would be improved by building on this redundant site. Having electric car charging points would be of great benefit and also the creation of both full and part time jobs at wages that would be higher Than the current living wage, could be of great value to this community. I am totally in favour of this application and look forward to the fresh bakery in our area.</p>
