I am writing to give my full support for a new Lidl to be built at Salendine Nook. Healthy competition is always good. I do not feel that it will affect Salendine Shopping Centre at all. Lidl do not have a café, Dentists, Charity shop, or florists. People who shop at Sainsburys will continue to do so as it's a lifestyle choice to shop there, not a necessity, just the same as Lidl customers. Houses are being built all across the area and this means more people needing to shop and not everyone, including myself can afford Sainsburys over inflated prices, especially in todays fragile economy. Furthermore, jobs will be created.
