<p>I am in FULL support of the proposed new Lidl store in my neighbourhood on the old Spotted Cow site. Like many of my friends and family living in the area, we believe the new store will not only complement the existing shops, it will provide some MUCH needed competition and help service the large and ever growing population in the local area. The contemporary design of the building will be complementary & sympathetic to it's surroundings. I'm very pleased to see it will incorporate sustainable materials & techniques in construction. I was also happy to see it will incorporate a LARGE well laid out parking area with GOOD access in and out & electric vehicle charging points. And finally, I'm also very much in favour and support the 40 new jobs the new Lidl store will create in our local area for local people.</p>
