<p>This area is an absolute eyesore and needs sorting quickly and NOT with more houses. We have far too many new houses in the area but no new facilities. No matter there will be an Aldi further down this needs to be approved so people can shop locally. At the moment all we have is a small Sainsburys. Its not going to affect that but will give people choice and more chance people will shop locally. As a council if you are willing to approve 1000's of houses then at least add some more facilities to the area. The shopping centre will NOT be affected as all the shops in there are different to what Lidl offers, opticians, florist,chemist estate agent etc etc not in Lidl. Just the owner worried Sainsburys will close and he will have to fill the unit or loose his rent - not interested in what the public want. To put a 2nd application in with all your points addressed when it was rejected now shows how keen they are and to be fair you have no option but to approve now if they have amended your issues. Even if the public are 50/50 you have to put it through the 2nd time and show the same commitment to the area that Lidl is doing</p>
