To whom it may concern

I am referring to the proposed opening of a Lidl store on new hey Road,  
I believe that a bit more choice for retail food is locally required in these trying time of  
pandemic for families in salendine nook who are maybe on low income for what ever  
circumstance , which could save them time and money on their weekly shop .  
Please take this email as me confirming that I am in favour of this retailer opening  
Kind regards
