| <p>I feel that the opening of a new store would be a welcome addition to the area. Other than the shops within Salendine Shopping Centre, you have to travel quite a distance to get to decent shops. The new store would create jobs for the area, would promote healthy competition and would provide services over and above those already there. Not everyone, especially in these cash-strapped times, can afford Sainsbury's prices. The area has a large number of residents over pension age who are unable to travel too far. All in all, I feel that a new store would be a winner for all and hope that permission will be granted. Car parking can be a problem in the area and the huge car park will also be a major benefit and stop a lot of congestion in the area.</p> |
