<p>The area needs more choice for grocery shopping. The local Sainsbury store is not big enough for the amount of customers in the area. There is a large school and college nearby and lots of new build houses. At peak times you cannot park in the shopping centre car park and have long queues of traffic trying to access the car park, backing up on to the main road, and causing holdups at the junction with the main road and problems at the bus stop. . A new supermarket would alleviate the traffic and parking problem and also give more choice for customers who live nearby without transport to access a larger range of goods.</p>
