<p>adjacent to the proposed site, This proposed supermarket would cause pollution, noise and danger to an already busy part of Salendine nook. The college is just across the main road an young people would be crossing over to the supermarket at very busy times.This would be very dangerous.Salendine nook is already served well with shops and has many supermarkets within easy reach.Could not the site be left as a nature reserve and not turn more land into a concrete jungle.? Give the natural world a chance</p>
