Dear Sir/Madam

I am putting forward my vote for the new Lidle on the old site of the Spotted Cow, I think this would be a great service to all the surrounding areas as we only have one Supermarket in the area. This would give the people a wider choice of shopping products, which I think we are lacking in the area. Please consider this plea when coming to your decision, and hope you think of the residents in the area who would welcome the new site.
Thank you.
