Good evening,

I believe there has been no decision taken yet on whether Lidl can build at Salendine Nook.

I firmly believe this should be allowed, the proposed store and parking would be a definite boost for the area. I'm sure some jobs would be created but from a personal point of view the cost of shopping at Sainsbury's is high, competition is needed and also an alternative.

I would though still use the cafe and pharmacy in the existing arcade at Sainsbury's.

Many thanks.
