Subject: Planning Ref 2020/93308 Lidl New Hey Road
Date: 26 January 2021 08:04:28

Hello

Mine Mail in support of the above planning application.

I currently shop at Lidl, Ashley, crossing town for each visit.

A store closer to home would be well used by me and others. The site is on a well maintained main road, which would cause minimal disruption and would be an asset to the area.

Lidl quality and value would be available to new customers.

I also understand that the building is designed using sustainable materials and will be sympathetic to the area.

Yours
