

To Mr Paul Walker

I am strongly against the building of the Lidl on New hey road. There is too much traffic on New Hey Road during peak times, and adding a supermarket will only add to the amount of traffic. Further to this there is an Aldi being built less than a mile away from this site and we already have a Sainsbury's, Tesco, and Coop within a short distance from this site.

I have also noticed that the application that Lidl submitted last time and this one are identical, with very minor changes. On this basis this should definitely be rejected.
