Date: 01 June 2023 20:31:28

Dear Planning Office:

2023/91405:

I live on Chapel Terrace, HD4 5DZ and write in follow up to the application 2023/91405.

Comments:

1. I know clearly that the Lidl deliveries can be at any time of night/day. The retail delivery area (service area) is close to my house, I do not want deliveries to disturb me and/or delivery noise during night times. Since all sides of the store are residential, I suggest deliveries only come in daytime hours.
2. Please can there be provision to prevent anti-social behaviour at night in the car park, eg by locking a gate or designing the car park to stop car racing.
3. Please can attention be made to increases in traffic along Blackmoorfoot Road, eg by providing traffic calming, improving zebra crossing visibility and such.
4. Design of store, I hope the store adequately blends in and is low level. And as such does not affect natural light to Chapel Terrace.

If these small matters can be addressed, I would naturally welcome the Lidl retail store.

Regards kindly,
